NOTE: NO member of the independent team may be employed by or have a consultant relationship with the admitting hospital.

Certification for an individual who applies for Medicaid at or during admission **may** be made by the admitting hospital's **interdisciplinary** team. At a minimum, this team **must** include either (1) a Board-eligible or Board certified psychiatrist; **OR** (2) a clinical psychologist who has a doctoral degree **and** is a licensed physician; **OR** (3) a licensed physician with specialized training and experience in the diagnosis and treatment of mental diseases **and** is a psychologist who has a master's degree in clinical psychology and who has been certified by the State or by the State psychological association.
