2017-19: PDL Update

In order to ensure you have the medications you need to treat your patients - our members, Louisiana Healthcare Connections has updated our Preferred Drug List (PDL). These changes, effective **July 1, 2017**, add new drugs, remove other drugs and recalibrate our safeguards based on the latest medical recommendations for safety.

Drug Name	Ingredients	Dosage Form	Strength	Notes
Nevanac	nepafenac	ophthalmic suspension	0.1%	Remove from PDL.
Focalin XR	dexmethylphenidate	cap SR 24 hr	15mg	Remove from PDL due to other generics available in this drug class. Other Focalin XR strengths are not on the PDL.
